"The real meaning of the word paranoia is--- a man or person who has the ability to link events that seemingly are not connected."---John Coleman [Video] Committee of 300 - 1of10

"They (East India Company) made their their massive money out of the dope trade. They first grew prime poppies in Kew gardens...got the best producing opium poppies, they then shipped them to Benares in India where they began a massive plantation of opium producing poppies. They then used their famous tea clippers to transport the poppies in the form of raw opium to China, and by their military force they imposed an opium policy on China that turned the Chinese nation into a nation of addicts, and they enforced this policy that was known to the Royal family and Lord Gladstone the Prime minister, and every one of the lords and ladies of England, and they made a massive huge fortune. In researching these documents in India House in London I came across some of the manifests of some of the old tea clippers and the numbers of kegs of opium they carried and the value and I totalled up these things and I found to my astonishment that if we took 1970 as an optimum year for profits in general Motors and Ford, in one year the opium trade with China was three times the profits of the combined profits of Ford and General Motors in 1970 and this was shared by 300 people. That was the committee that ran the East India Company. They all had equal voting rights....and were of course sworn to secrecy."---John Coleman [Video] Committee of 300 - 1of10

Thanks to the sworn testimony of Guerzoni, Italy and Eu- rope but not the U.S. learned that Kissinger was behind the death of Aldo Moro. This tragic affair demonstrates the ability of the Committee of 300 to impose its will upon any government without exception. Secure in his position as a member of the most powerful secret society in the world, and I am not talking about Freemasonry, Kissinger not only terrified Moro, but carried through on his threats to "eliminate" Moro if he did not give up his plan to bring economic and industrial progress to Italy. In June and July of 1982, the wife of Aldo Moro testified in open court that her husband's murder came about as a result of serious threats against his life, made by what she called "a high ranking United States political figure." Mrs. Eleanor Moro repeated the precise phrase reportedly used by Kissinger in the sworn testimony of Guerzoni: "Either you stop your political line or you will pay dearly for it." Recalled by the judge, Guerzoni was asked if he could identify the person Mrs. Moro was talking about. Guerzoni replied that it was indeed Henry Kissinger as he had previously intimated.- John Coleman, The Story of The Committee of 300, p. 7 Targets of the Illuminati and the Committe of 300 By Dr. John Coleman.

To bring about depopulation of large cities according to the trial run carried out by the Pol Pot regime in Cambodia. It is interesting to note that Pol Pot's genocidal plans were drawn up in the US by one of the Club of Rome's research foundations, and overseen by Thomas Enders, a high-ranking State Department official. It is also interesting that the committee is currently seeking to reinstate the Pol Pot butchers in Cambodia. Targets of the Illuminati and the Committe of 300 By Dr. John Coleman.

To cause by means of limited wars in the advanced countries, by means of starvation and diseases in the Third World countries, the death of three billion people by the year 2050, people they call "useless eaters". The Committee of 300 (Illuminati) commissioned Cyrus Vance to write a paper on this subject of how to bring about such genocide. The paper was produced under the title "Global 2000 Report" and was accepted and approved for action by former President James Earl Carter, and Edwin Muskie, then Secretary of States, for and on behalf of the US Government. Under the terms of the Global 2000 Report, the population of the US is to be reduced by 100 million by the year of 2050. Targets of the Illuminati and the Committe of 300 By Dr. John Coleman.

To encourage, and eventually legalize the use of drugs and make pornography an "art-form", which will be widely accepted and, eventually, become quite commonplace. Targets of the Illuminati and the Committe of 300 By Dr. John Coleman

John Coleman Committee of 300
"… from the very beginning, the United States government was fully aware of the Committee of 300's plans for
this country. That should answer the often asked question, "Why would our government allow the Club of Rome to operate in a subversive manner in the United States?"

John Coleman Committee of 300
"(Paul) Volcker's economic and monetary policies were a reflection of those of Sir Geoffrey Howe, Chancellor of the exchequer and member of the Committee of 300. This serves to illustrate how Britain has controlled the United States, beginning from soon after the War of 1812, and continues to exercise control over this country through the policies of the Committee of 300."

John Coleman Committee of 300
"We as a nation are ready to accept the demise of the United States of America and the American way of life, once the envy of the entire world. Do not think this has happened on its own-the old "times are changing" syndrome. Time does not change anything, PEOPLE do. It is a mistake to think of the Committee of 300 and the Club of Rome as European institutions. The Club of Rome exercises great influence and power in the United States, and has its own chapter based in Washington D.C."

John Coleman Committee of 300
"Remember this the next time you see those lovely advertisements of Swiss ski slopes, beautiful watches, pristine mountains and cuckoo clocks. That is not what Switzerland is about. It is about dirty multi-billion dollar money laundering which is carried out by major Swiss banking houses. It is about the Committee of 300 "legal" drug manufacturers. Switzerland is the Committee's ultimate "safe haven" for money and protection of their bodies in time of global calamity."

John Coleman Committee of 300
"I suggest that we try to find any media outlet to do an expose on the Federal Reserve Board, which is what I did. I took my article, which was a good expose of the greatest swindle on earth, to every major newspaper, radio and television station, magazine house and several talk-show hosts. A few made promises that sounded good—they would definitely air the article and have me discuss it—give them about a week and they would get back to me. Not one of them ever did, nor did my article ever appear in the pages of their newspapers and journals. It was as if a blanket of silence had been thrown over me and the subject I was endeavoring to promote, and indeed that was precisely what had happened."

John Coleman Committee of 300
"It is virtually impossible to penetrate the Committee of 300 and the oligarchical families that go to make it up. The camouflage they pull over themselves as protective covering is very hard to rip off. This fact should be noted by every freedom-loving American: The Committee of 300 dictates what passes for United States foreign and domestic policies and has done so for over 200 years. Nowhere was this more strikingly portrayed than when a cocky President Truman had the wind knocked out of him by Churchill ramrodding the so-called "Truman Doctrine" down the throat of the little man from Independence, Missouri."

John Coleman Committee of 300
"But the best proof I can offer of the existence of the Committee of 300 is the Rank Organization which, in conjunction with Eagle Star, IS THE BRITISH CROWN. It is also the black operations center of MI6 (SIS). Between them, these two Committee of 300 companies control Her Majesty's Dominion of Canada, using the "hofjuden" Bronfman family to carry out their orders. Trizec Holdings, ostensibly owned by the Bronfman family, is in reality the main asset of the Queen of England's in Canada. The entire Southeast Asian opium trade interfaces with the Bronfman empire and is one of the means whereby heroin is brought to America."

John Coleman Committee of 300
"The Committee of 300 is for the most part under the control of the British monarch, in this case, Elizabeth II. Queen Victoria is believed to have been quite paranoid about keeping it secret and went to great lengths to cover up MASONIC writings left at the scene of "Jack the Ripper" murders which alluded to the Committee of 300's connections with "experiments" carried out by a family member who was also a highly-placed member of the Scottish Rite of Freemasonry. The Committee of 300 is filled with members of British aristocracy which has corporate interests and associates in every country of the world, including the USSR."
John Coleman quotes

"The Committee's structure is as follows: The Tavistock Institute at Sussex University and London sites is owned and controlled by the Royal Institute for International Affairs whose "hofjuden" in America is Henry Kissinger. The EAGLE STAR GROUP, which changed its name to the STAR GROUP after the close of the Second World War, is composed of a group of major international companies involved in overlapping and interfaced areas (1) Insurance, (2) Banking, (3) Real Estate, (4) Entertainment, (5) High technology, including cybernetics, electronic communications, etc."

John Coleman Committee of 300
"Banks large and small in the thousands are in the Committee of 300 network, including Banca Commerciale d'Italia, Banca Privata, Banco Ambrosiano, the Netherlands Bank, Barclays Bank, Banco del Colombia, Banco de Ibero-America. Of special interest is Banca del la Svizzeria Italiana (BSI)—since it handles flight capital investments to and from the United States—primarily in dollars and U.S. bonds—located and isolated in "neutral" Lugano, the flight capital center for the Venetian Black Nobility. Lugano is not in Italy or in Switzerland, and is a kind of a twilight zone for shady flight capital operations. George Ball, who owns a large block of stock in BSI, is a prominent "insider" and the bank's U.S. representative."

Goodgame cites former British Intelligence Officer, Dr. John Coleman, who says the Muslim Brotherhood is a secret freemason order set up by the great names of British Middle East Intelligence, T.E. Lawrence, Bertrand Russell and St. John Philby to "keep the Middle East backward so its natural resource, oil, could continue to be looted."

The Muslim Brotherhood has been used to check nationalist movements led by such figures as Nasser, Bhutto and the Shah of Iran who tried to develop their countries. Without the British, "radical Islam would have remained the illegitimate, repressive minority movement that it has always been, and the Middle East would have remained stable and prosperous," Goodgame says. The Muslim Brotherhood is now a powerful faction in the global oligarchy. Goodgame cites Robert Drefuss, author of "Hostage to Khomeini" (1980):

"The real Muslim Brothers are ... the secretive bankers and financiers who stand behind the curtain, the members of the old Arab, Turkish, or Persian families whose genealogy places them in the oligarchic elite, with smooth business and intelligence associations to the European black nobility and, especially, to the British oligarchy.

And the Muslim Brotherhood is money. Together, the Brotherhood probably controls several tens of billions of dollars in immediate liquid assets, and controls billions more in ...everything from oil trade and banking to drug-running, illegal arms merchandising, and gold and diamond smuggling. By allying with the Muslim Brotherhood, the Anglo-Americans are not merely buying into a terrorists-for-hire racket; they are partners in a powerful and worldwide financial empire..."

By fabricating a bogus war between Islamic fundamentalism and the West, the globalists are able to attack their real enemy, humanity. Pulling the strings, they will ensure that both Western and Muslim states are degraded and finally completely subjugated to their odious rule.
